ABOUT ASTRAL

Established in 1996 with the aim to manufacture best-in-globe plastic piping systems, Astral Pipes fulfils emerging piping needs of millions of houses and adds extra mileage to India's developing real estate fraternity with the hallmark of unbeaten quality and innovative piping solutions. Keeping itself ahead of the technology curve, Astral has always been a front runner in the piping category by bringing innovation and getting rid of old, primitive and ineffective plumbing methods. Bringing CPVC in India, and pioneering in this technology, have set Astral apart and its highest quality enabled it to obtain NSF approval for its CPVC pipes and fittings. Astral went beyond the category codes by launching many industry firsts, like launching India's first lead-free uPVC pipes for plumbing as well as for stream water, just to name a few.

Astral Pipes offers the widest product range across this category when it comes to product applications. Astral Pipes is equipped with production facilities at Santej and Dholka in Gujarat, Hosur in Tamil Nadu, Ghiloth in Rajasthan, Sangli & Aurangabad in Maharashtra, and Sitarganj in Uttarakhand to manufacture plumbing systems, drainage systems, agriculture systems, fire sprinkler piping systems, industrial piping and electrical conduit pipes with all kinds of necessary fittings.

Carrying this legacy forward, Astral has expanded its product portfolio by entering water storage tanks category, an expanded domain of plumbing and water supply. For the first time in the category, Astral has introduced Anti-Viral Water tanks – using copper fortified polymer. Not only this, Astral provides a complete range of water storage tanks available in various storage capacities and with unique benefits to suit every water storage need. The focal point of the tanks' design has been to provide enhanced sturdiness and durability. The tanks are available in various colours to choose from. With a formidable and unique range of water tanks, Astral has set new benchmarks in the category and will strive to provide better water storage solutions to the consumers.

ASTRAL BLOW MOULDED TANKS

The ASTRAL Blow - Moulded water storage tanks are made up of three layers namely, Outer Layer - White or Coloured layer of 100% UV stabilized, Middle Layer - Uniform Carbon distribution layer and Inner White Layer - anti-bacterial /anti-microbial layer, The inner layer prevents bacterial growth and keeps water pure, fresh and germs free.

The Astral Blow Moulded tanks manufactured from 100% Virgin HDPE material with latest technology and without any joints. The HDPE material meets the requirements of various National and International standards for Food Grade Material.

The ASTRAL promise to deliver highest quality products at affordable cost and with service assurance to our valuable customers and contribute humanity through health and hygiene of the society.

PRODUCT CODE	CAPACITY (LITRE)	HEIGHT (MM)	DIAMETER (MM)	DIAMETER OF MANHOLE (MM)
A845302XXWH	500	920	920	422
A845303XXWH	750	1155	1001	422
A845304XXWH	1000	1265	1100	422
A845305XXWH	1500	1270	1350	422
A845306XXWH	2000	1645	1350	422

Note : *XX For Colour of Tank- 'GY'- Yellow , 'BL'- Blue , 'WH'-White , 'GR'-Green

PRODUCT SPECIFICATION

LAYER 1

- White / Blue / Yellow / Green
- Attractive look
- 100% pure Virgin raw material
- High quality UV Resistance
- Heat resistance – Keep water cool

LAYER 2

- Black layer to restrict the UV rays and increase product life
- Improve Durability
- Prevent Algae Formation and keep water safe from germs

LAYER 3

- White layer with 100% Virgin –Food Grade material
- Anti-Bacterial / Anti-Microbial layer keep the water safe and pure
- Safe for drinking water

AVAILABLE COLOURS

UNIQUE LID DESIGN

- Threaded Lid with Black inner lid to protect sunlight and prevent algae formation
- Air vent to keep the water fresh and prevent vacuum generation.
